## Cory's PTA Open House, Dad's Night is Big Success

ROMULUS—James Madigan, Cory Elementary School principal, had one word to describe it, "WOW!" Mrs. Fran Petre, PTA president, called it "a marvelous turnout!" Mrs. Gloria Chandler, publicity chairman, termed it "a huge success!"

THEY WERE all talking about the 400 plus parents, teachers and youngsters who jammed the halls and overflowed the

Multi Purpose Room for the "Open House and Dad's Night" on Monday, Oct. 6. Families roamed the halls to find the portraits of Dad and read the sometimes pithy, sometimes touching descriptions written by the children.

Teachers were in their rooms to meet the parents and tour groups visited the eight-room addition and looked out at the courtyard, where a sculpture is

## Civic Groups Start Fund Drive

ROMULUS—The Romulus Township Board of Trustees has proclaimed Friday and Saturday of this week as Romulus Kidney Foundation Drive.

The Board's action was on the request of the township's three service organizations that have joined in sponsoring the two-day fund campaign for the National Kidney Foundation.

Township residents are urged to assist in making the drive a successful one for the Romulus Rotary Club, Romulus Kiwanis Club and the Romulus Jaycee Club.

MEMBERS OF these clubs will aid in the sale of Halloween candy, announced John L. Johnson, 43, fund drive chairman.

Johnson is one of Romulus leaders in promoting aid for the Kidney Foundation. In March, 1967, he had his two kidneys removed in an operation at the University of Michigan Hospital. An older brother, Robert Johnson, 52, of 12897 Calendar, Southgate gave him one of his kidneys.

Proceeds of the fund campaign will be given to the Michigan Chapter of the National Kidney Foundation for its use and benefit.

officials stated. Another fund drive booster urging cooperation is Mrs. Ernest Gentz, of 37611 Walnut Drive, a mother of a 20-month baby girl, who is currently under kidney care. She must report to the Wayne County General Hospital every two weeks for medical treatment.

scheduled to go.

NOT EVERYONE was able to find a seat for the slide film, "What PTA is all About", but Gary Moore, program chairman, made them welcome and invited them to attend future meetings.

Mrs. Shirley Linderman and her helpers had plenty of coffee and cookies for the grown ups and punch for the children.

Mrs. Chandler said that many new members were signed and that she and Mrs. Petre extend thanks to all those who helped make the evening a record for Cory PTA.

## Romulus Democrats Schedule Meeting

ROMULUS—The Romulus Democratic Club will hold an important membership meeting tomorrow, Thursday, Oct. 16 at the VFW Hall, located on Huron River Drive, at 8 p.m. Alfred J. Perry, club president, announced.

An executive session will be held at 7:30 p.m.

Members of the executive committee are three past presidents of the Democratic Club: Terry L. Troutt, Roderick E. Smith and Eugene Wilson as well as president officers.

PERRY STRESSED that tomorrow's meeting is part of a current campaign to revitalize the club to its former standing in the community.

It was stated by some veteran politicians that the club's membership has fallen and interest in club activity is practically at a stand still.

He (Perry) urged both old and young Democrats to join in a united effort to continue Democratic leadership in township government and in township development.

"I am trying to rebuild the club. To bring it back to its former standing in township affairs," said Perry.

"We must move. Now is the time," he added.

The Republicans in the township have started to campaign and are in the process of organizing for the upcoming elections.

requirements were waived by the Board for Wensko, who was township dog warden; and weight and height requirements were waived for Dolencic.

Dolencic is currently completing term of constable. He was elected in 1966.

THE BOARD also approved advertising for clerk-typist for the police department at a starting salary of \$90 per week.

In other business, the Board approved the appointment of Tereatha Allen, Richard Brown and Stanley Gnas to the Recreation Commission as School Board representatives.

New officers installed were left to right standing: Robert Taylor, second vice-president; James McCall; first vice-president; Robert Taepke, treasurer; and Andrew Lopota, secretary. The newly installed president Edmund Bizek is seated in the chair of authority.

## PTA Attendance Disappoints

ROMULUS—The only thing disappointing about Merriman PTA's meeting last Wednesday night was the attendance, according to Mrs. Judi Robbins, Secretary.

The program was a slide film presentation entitled "Meeting Human Needs—Your Wayne County Services".

Edmund Bizek, former Romulus Township supervisor and current member of the Wayne County Board of Supervisors was present to answer questions following the showing.

PTA Members were impressed with Bizek's interest and willingness to answer their inquiries. They also expressed their appreciation for the informative and dramatic slide show.

FRED RENO was elected vice-president of the Merriman PTA, reported

Robert Knight, president. The office had been vacant (Continued on Page 3)

# Sleepy Little Denton Proud of Century Church

There's a small community just a little west of Wayne that time has virtually forgotten. With one turn of the steering wheel you can go back 100 years.

For nestled quietly in the community of Denton, just a city block south of Michigan Avenue and a little east of Ypsilanti, is Faith United Methodist Church. The

stately white frame sanctuary at 6259 Denton Rd., Belleville, is celebrating its 100th birthday next week and, in so doing, is symbolic of this rural area that time

and progress has left undisturbed.

"The community is very much the same as it was years and years ago," explained the Rev. Clive H. Dickens, pastor of the congregation which is planning the centennial celebration.

"Industry has come and gone, and other businesses as well, but the small community remains virtually unchanged over the years," he said.

Standing as symbols of the passage of time, besides the church which was built in 1869, are many other things.

Included in the list are people who have lived in the area ever since they were born. Mrs. Lucena Randall, who is 88 years old and now bed-ridden, has attended the church ever since she was a little girl. And there are members in the church, descendants of the first settlers in the Denton Community who started a Sunday School in the home of Clark Horner way back in 1832.

In 1835, they formally organized the Horner Mission and assigned Arthur B. Elliott as the minister of Van Buren Township's first religious organization. The Sunday

School met in different homes until 1869 when land was purchased from Samuel Y. Denton and a church building erected. The sanctuary cost \$3,000 and was dedicated on December 7, 1869, and with some additions, serves the congregation today.

Another symbol of former days is a large faded Bible the church uses which was published in 1861 by the American Tract Society in New York. The 108-year-old edition of Scripture is a cherished possession of the congregation.

Other ancient items and buildings reflect the community's personality which is unmarred by modern day hustle and bustle.

But all that appears to be changing now.

General Motors has purchased 635 acres within a city block of the old church building and with it has gone 35 homes, some of which contain members and friends of Faith United Methodist Church. Van Buren School System has recently bought 15 acres on Denton Rd. north of Michigan Ave. and plans to build a brand new elementary

school. Everywhere there are signs of progress and building programs which will greatly change the face of this venerable vicinity which has stood proud in its patriarchal influence there many years.

Even the church itself is moving to modernize. After purchasing three acres, the congregation has voted to erect a new \$200,000 church which will house the 225 active members. Despite the encroaching movements of General Motors Corporation, which threatens to swallow up many more areas and homes in the area, Pastor Dickens says: "We're hopeful for the future and are planning on going ahead."

The minister of the rural area church got his B.D. degree at Oberlin Graduate School of Theology in Oberlin, Ohio. He attended Asbury College for his B.A. degree and studied at Eastern Michigan University for his teaching certificate.

The centennial celebration week, Sunday, Oct. 19-26, includes "Every Member" Sunday on opening day, a concert at 7:30 p.m. by Sumpter Community Chorus

and exhibit of antiques and historical date on Monday.

Tuesday will be youth night with a weiner roast at 6 p.m. and on Wednesday at 7:30 p.m. there will be an old-fashioned hymn-sing. On Friday, the Annual Harvest Supper, with turkey and trimmings, will be served family style from 5-7 p.m. A Community Square Dance at the Denton School gym at 7:30 p.m. will be a feature of Saturday evening.

Climaxing the centennial festivities will be the Sunday, Oct. 26, Homecoming Service with Bishop Charles Brashares speaking and former pastors participating. A carry-in potluck dinner and fellowship will follow at 12:30 p.m. and a 2 p.m. closing centennial program will round out the celebration. The public is invited to all the activities during the week.

Centennial beards and dresses will be worn by many as these events. It will be a grand picture of former days and revive many blessed memories.

But with industrial giants building modern factories and the landscape rapidly changing, it may well be the last glimpse of old time Americana as the residents of Denton have known it.

# Home Owners Group Again Replies to Kozma

(Editor's Note: The United Home Owners Association of Sumpter Township again issues its reply to statements issued recently by Michael Kozma, member of the Sumpter Township Board and former township supervisor. The following statement was issued by Richard Krajewski, chairman of the publicity committee.)

**SUMPTER**—In an afternoon Detroit Newspaper Thursday (Oct. 9) we see that Mike Kozma and (his me too man) William Gouger's

picture appeared, to no ones surprise, with Kozma still sitting in the Bosses chair even after the game of musical chairs.

We would like to clear up the statement above, about the (me too man) Gouger reminds us of a broken record that stops at the same spot each time it is played.

When Kozma says anything Gouger only says me too me too. If there is any doubt about who runs the township check with some of the people that are trying to build in the township and see who comes out to do the inspection.

ONE case on Clay road, west of Sumpter road some devoted people are trying very hard to erect a church. Mr. Kozma told them he did not want a church there and he would do all he could to stop it. He has tried but it is still being built. In other cases they are being very unreasonable with people that live in house trailers that are trying to build. They are not extending these permits, but we can recall when our building Inspector had his permit extended without even going to the board meetings and we believe for a period of over three years why the difference?

Then there is a trailer parked in the heart of Sumpter that has been there for many years with no sign of building why is that?, because they also belong to the Clique? In the Belleville Enterprise, Kozma referred to Hoffman as not wanting to be fingerprinted. For your information he was fingerprinted when he went into service, when he was hired as a Sumpter police officer and also when he applied for a weapons permit, if you had checked his record you would have found all this out without us telling you. You have tried to use that test to get rid of Mr. Hoffman because he is not a me too man like the rest of the board.

Mr. Hoffman served under Mr. Seitz and Mrs. Williams

with all the devotion and honesty you could expect from a police officer. He was a Corporal but then along came Kozma, after a year with your administration you decided he needed a test, why?

HE HAD been trained by the sheriffs department and also attended many police training seminars, or don't you remember?

Just to refresh your memory you decided to give a test in 1966 when we did not have a full time police Department when you needed support to win the election. At that time you promoted Mr. Williams to Chief of Detectives and he sent out a post card saying that Constables were abolished under the new constitution but urged everyone to support the present board. How could you make a Chief of Detectives with no police

force? What experience did Williams have then or even now? You even went as far as to name your son-in-law Marble to Police Commissioner. What training did he have or what test did you as his father-in-law give him? But as his father-in-law you gave him the job for \$1 a year but his expenses were about \$900 hundred a year.

And we would bet you could give all kinds of your so called reasons why he received this money. Then you went on in your article saying that one of our members has a loose screw! Why because we have pointed out the facts? We could go on and say the things that you have said but we want to stay with township problems and not personalities, no matter how Mr. Kozma would like to muddy up the waters. Mr. Kozma in his statement in the paper tried very hard to prove how intelligent they are on the board so maybe we can help prove this one way or another. FIRST, IF by this he means that he had his son-in-law appointed Police Commissioner while he was Chief Law Enforcement officers and his daughter Justice of the Peace will have to give him one point. SECOND, have a Chief of

Detectives without a police force. THIRD, having more full time township workers and full time police officers than anytime in Sumpter's history. Yet we paid Williams to mow the grass in the park, paid to have the Cemetery cleaned up and using a police man to pick up one of the Ferndale employees in the morning taking her home for lunch and then driving her home after work is this why we need more employees?

FOURTH, Mr. Kozma has three daughters working for the 34th District Court and HE also receives \$45.00 per week for being a Violation Clerk for the same court. This money, comes out of our General Fund and in ASH Township they have found that any full time employee could

accept the money to save the township this expense, but he goes on about what he has done for the township in saving money. FIFTH, our clerk and one trustee were receiving two salaries one from the Water Board and the other from the township. We ask for an opinion but till this date we have not received one on conflict of interest.

SIXTH, Mr. Kozma stated that the township had spent \$20,000 in improvements in the township. What were the improvements, salaries, his office?, or the band for the musical chairs.

SEVENTH, that Mr. Kozma failed to get an easement for the Water main and now the township must either pay for the easement

## Area PTA Committee Will Act As Observers

ROMULUS—A committee selected by the PTA Area Council offered their services as observers for the counting of the ballots for the Homecoming Queen competition at the Romulus Senior High School.

The matter was first discussed at September's Council meeting and was broached by a delegate from Romulus Elementary.

The committee will be: Gerald Nault, principal, and volunteered to authenticate the procedures involved in selecting a Queen.

Nault referred the matter to the Student Council, who with their faculty advisor, Michael Zaher, accepted their offer.

It is hoped by the council, that by having impartial community representatives as witnesses to the balloting and counting of votes much of the rumor, dissention and disappointment experienced in the past will be alleviated.

The committee will be: Mrs. Judy Robbins, Merriman PTA; Mrs. Fran Petre, Cory PTA and Mrs. Betty Hill, Romulus Elementary PTA.

## Let's Get to Know Each Other Better

Western Wayne County, with all its booming growth, could use well a new degree of inter-communication.

We have observed in the past the success of meetings of local governmental officials to discuss joint problems and hear reports from legislators responsible to our communities. We have seen new attempts to increase communications between local governments and school districts, and we have applauded these efforts.

There is possible promise in enlarging on an already fine idea, even to the extent of forming a local league of cities that can meet regularly and keep communication lines open. School districts, too, could benefit by such a league.

In many ways, such an organization of local governments might seem a duplication of other efforts — the Southeast Michigan Council of Governments, and the district organization of the Michigan Municipal League.

But there are two important distinctions that make a more localized league of cities and school districts a good idea. For one thing, there is currently no direct connection between school districts and cities for the purpose of communication in our local area.

Secondly, Western Wayne County communities share very similar and perplexing problems that could easily form a basis for organization.

Especially worthwhile would be communication between the developing communities of our area — like Westland, Livonia and Inkster — and the areas that are just on the brink of development — like Romulus, Van Buren and Canton townships.

The troubles experienced in some areas could easily be observed by other areas to the benefit of everyone. Drainage problems could more easily be solved by making it easier to present a united front to the County Drain Commission when improvements are needed across community lines.

School districts and communities could work more closely together in deciding where to put new schools in developing areas.

All of these things can be done without a local league of local governments and school districts. But a good organization could help make the job much easier, and break down barriers to communication simply by letting local officials know each other better.

## This is the Moment To Back Education

The fate of Michigan schools hangs in the balance this month as the state legislature meets in Lansing to decide what will be done about public education and the way it is financed.

Governor William Milliken has already announced his proposals, not entirely surprising to anyone. Basically, what the governor told the legislature about public education has been pretty well known for several years.

But despite the late hour, and the stumbling blocks experienced in arriving at this time and place with tax reform for education, this is the moment of opportunity for Michigan citizens.

Tax reform for education is so vitally needed that Michigan schools are flitting with disaster as each year goes on. The legislature knows just how bad it is with educational financing, and the legislators face election campaigns in 1970. Something has to be done, and done now.

The package that the legislature passes is not likely to totally please the voters, because it will inevitably cost more money

in one way or another. Locally, the package may actually lower taxes; but in some areas of the state, the hike will be noticeable.

We will be paying for education in a different way: largely through income taxes, and less through property taxes on the local level. Our local school boards will have to accept new state restrictions, but our schools will survive.

There is no better time, really, for citizens to begin making one final effort to secure a good tax reform package for education. Something is going to be done, and we might as well do the job right the first time, instead of doing the job half way and worrying again next year about the danger of educational collapse.

If you have ever written a letter about education, write another one today and encourage your state legislators to do the job right—to create a solution and not a stopgap. If you have never written a letter about education, write one today, anyway, and add your voice to the effort to bring an end to the chaos in education.

## Sitting Bill Something for Everyone

By Bill Pomeroy

Last week I had lunch at one of Westland's many drive-ins and while munching away my eye caught a familiar sight: four young teens, one a year or two older than the others. They sat a table away and huddled together in a mystery of whispers.

The older one seemed somewhat coarser and rougher with an air of insolence and disdain smothering a smooth-faced countenance. He slouched in his seat, one leg resting on the edge of the chair. The others leaned to his every word while fingering their food.

I just set there mesmerized by the three younger boys as they each positioned themselves closer and closer to him, as if their proximity provided a greater bond and therefore more envy from the others. Soon I had created my own dialogue for their exchanges.

"If ya got guts, ya can get away with anything?" said the older one. The others nodded agreeably.

"You got guts?" he said mockingly to the youngest looking. "Yeh," was the reply. "You do anything?" the older one asked. "Anything?" the boy answered puzzled. "Scared?" came the immediate reply. "Sure, I ain't no chicken," he spat out.

And so the conversation ends, but I wonder why I painted such a dark view of them and the social struggle they seem always pitted in. And, especially, "Are they so easily influenced?"

Lt. Gail Stanbury, head of Westland Detective Bureau, told me that the increase in crime in the city has increased proportionately with the use of drugs. This relates to the previous fiction because these crimes are committed by juveniles. Most of the crimes are minor but the quantity is enormous: 19 bicycle thefts in four days, and 12 malicious destructions to property in the same period.

## Women Have the Jackass Edge

By Jim Fitzgerald

Women are always yapping that they don't have equal rights with men. This is a ridiculous complaint, as any mini-skirted, bare breasted babe should be honest enough to admit.

Long ago I wrote that men should open doors for women, especially kitchen doors, I haven't changed my mind, but I haven't convinced many broads, either.

In ever increasing numbers, the girls are shooting pool, running for Senator and buying trousers. They want to do a man's work for a man's pay. Offer them anything less and they scream that their civil rights are being violated. This, obviously, is a worse kind of violation than Grandma used to worry about.

Too many women fail to realize that, in at least one area, they have got it made. This is the jackass area. From somewhere, somehow, women have won a lot more right than men to make complete asses of themselves.

How many times have you read about a boy being kicked out of school because he wore his hair long, the way Jesus wore His? It happens every day.

Did you ever hear of a girl getting kicked out because her hair was too long, too short, too

bubbled, too ironed, too pink, too streaked or too lacquered?

I'll admit that these long-haired boys make my hands itch. But do they look any goofier than some of these gals who have to part their hair to brush their teeth?

Or how about those stupid curlers? Women continually wear these corncobs in public and sometimes I think I am the only one who flinches. They are half-groomed, but they are female, so what else is new? But let a man come downtown before he finishes his toilet — bearded and rumpled. People stare and whisper "Look at that bum." Storekeepers get nervous and cops unbutton their holsters.

You must have read about the pub streakers — the 3 young men who took off their clothes, applied a little mud, and strolled through a few bars. They were arrested and jailed. I wonder if there were any topless dancers or waitresses in those bars?

Another big news story was the bride who got married in a lovely white topless gown. Her bridesmaid also sported a bare chest. Were they arrested? No, in fact, the bugeyed judge who

performed the ceremony said he was sorry he had forgotten his glasses.

Movie actress Raquel Welch was married in a gown that had a top, but no bottom. The hemline hung barely below her crotch. Another actress showed in Vietnam in a double-header. The sweater you couldn't believe, and the skirt you couldn't see. Both girls, as intended, got their pictures in the newspapers. They did not get arrested.

Don't misunderstand. I still insist that my desk face the window so I can watch the girls go by. I am not advocating that all women dress like nuns. Let them that has, show, and them that hasn't make the best of it. Personally, I prefer some mystery until I get to the last chapter. The allure of skin can be spoiled by the poor taste of the gal who displays it. But that is only my opinion and I am willing to listen to the other side if Miss Welch ever comes to town.

My crusade is not against women, clothed or otherwise. It is against the double standard. Nudes and other exhibitionists should be judged alike, regardless of sex. Men should have as much right as women to make asses of themselves without fear of persecution.

Onward and Upward.

## Everybody's Eyes Are on Bill

By Richard McKnight

In one way, State Senator William Faust (D-13th District) is in an enviable position.

But if you're the kind of person who doesn't like to make decisions, you might not envy Faust at all.

It seems quite likely that Faust is currently viewed as the king pin in the workings of Western Wayne County politics—not because he is really acting like a politician, but because he is a State Senator, and that puts him on top of the heap in local parts.

Few people in Western Wayne who know anything about Bill Faust doubt that he is a man with a future. Not yet 40, he is already an established figure in the area, and has shown himself to be a tremendous vote-getter. His supporters are zealous and loyal, and Faust works hard to justify that support.

But what is up Bill Faust's sleeve?

More than his arm, some observers feel, some of them with a little hopeful wishing in their thoughts. But the reason why many are wondering, is that a move by Faust would set in motion a mad scramble among other office holders and newcomers in hopes of capturing state office.

Faust's seat, itself, is the subject of comment by recently defeated Mayor Thomas Brown of Westland as well as State Representative Vincent Petitpren, who isn't saying anything, but is rumored to be keenly interested in the State Senate.

Petitpren, more than anyone, would open a hornet's nest by seeking higher office and abandoning his Representative seat. There are many Democratic hopefuls around who would run for the Petitpren seat at the drop of a hat.

A perusal of some of the names mentioned for Petitpren's seat is like a who's who of Westland, Inkster and Wayne. Westland Councilman Mrs. Justine Barnes has already openly stated she would

seek the Petitpren seat if Petitpren moves on. Most observers feel she is hoping to be in the right spot in case lightning strikes, and has therefore announced her intentions.

New Westland Mayor Gene McKinney was often mentioned as a Petitpren opponent, but he is newly elected and out of contention. In Wayne, the name of Councilman Patrick Norton is sometimes mentioned for State Rep., although Norton has never indicated such interest.

Needless to say, there are many in Petitpren's district who could take over his seat and perform admirably. There is no single person strong enough to simply walk in and it would certainly be a real brawl, trying to elect a successor.

So, many will watch with anticipation to see what Senator Faust may do. Most amazing possibility of all is that Faust, who is well respected in Lansing, may yet be tapped for statewide office.

## Their Public Responsibility

More than three and one-half million Americans will reach voting age this year. They face a heavy responsibility.

The future of the nation depends on citizens who are willing to study carefully and weigh the economic, educational and social issues-and vote for candidates who stand for sound government at every level-national, state and local.

We are talking particularly to the new voters-and the generations to follow-because they will have to cope with the colossal expenditures for programs implemented before they could have their say at the polls.

WE ARE talking to the new voters also in the hope that they will believe that progress depends on individual incentive-not federal paternalism.

Where this nation will head in the '70s should be the prime concern of the young people of this generation. To a large degree, it's their responsibility. The time to start is now.

A major public decision will come this November with your initial vote. It could be a determining factor in the establishing of a more responsible electorate.

## KOZMA

(Continued from A-2)

or go to court either way it is going to cost the taxpayers money.

EIGHTH, Mr. Kozma boast that the township is in the black. Has anyone ever heard when the Township board would admit they were in the Red? We can't bring ourselves to believe that we're in the black because of our high payroll for the township and besides how often is the treasurer there to give his report?

NINTH, you sir stated the taxpayers of Sumpter Township are not assessed one dime in taxes to support the police department. Fire department nor the Department of Public Works. These costs are financed out of the general fund. Who puts the monies into the general fund? Does not this money come out of our pockets as taxpayers in the community?

AFTER being Supervisor and now trustee of our community and don't know where the monies come from is this why we have a stalemate community.

TENTH, you stated that we have a fugitive from Romulus in our community. You again are not doing your job. This fugitive should be turned in to the law or is this a friend of yours?

When Kozma resigned as Supervisor, you stated that you resigned because of your health. This is fine. But why are you working twice as hard to put the new Residential Project for the SAT Enterprise Co. to be built in our community on Harris and Lohr Roads. Why don't you explain to the citizens of Sumpter what this will be. This nine hole-golf course that will have four big holes in it for lakes.

This proposed lakes will be four acres inside and will run down to 28 feet deep.

Is this going to be another Martinsville, or Dunn Road or Wear & Sherwood, Ackona & Sherwood Project?

Citizens of Sumpter look who is calling the Kettle Black. This above is why the United Homeowners Association of Sumpter has grown to the 325 members strong. To you, Mr. Kozma we say we are not satisfied until you and your "me too men" are recalled.

## Most Effective Programs On Area Poverty is Pledged

By  
CHRISTINE ANDERSON

ELOISE-A pledge to make Wayne County's War on Poverty one of the most effective programs in this area, was made by Robert M. Preer, the new director of the Wayne County Office of Economic Opportunity.

Preer, acting director of Wayne County O.E.O. since May 22, was appointed to the position of director Sept. 18, by the Wayne County Board of Supervisors.

Preer explained, "We expect to update and improve our service delivery methods and will use the knowledge we have gained from experience and experimentation to help our target population achieve the goals they have so frequently identified, this can only be accomplished with the continued assistance and cooperation of the Communities involved, as well as a high level of staff support."

"It is not an easy task to chart a steady course of progress during these times of National and local uncertainties. In a program from year to year, decisions and actions must take place rapidly or the time and fund allocations for accomplishing results will expire, this makes it mandatory to have rapid and efficient communication, understanding and cooperation between community local resources and this program."

There is unquestionably a great deal remaining undone in our efforts to provide Economic Opportunity for all. We will continue to strive for and achieve a reduction if not an elimination of poverty in Wayne County", he explained.

THE NEW director was raised in Georgia and earned a Bachelor of Science degree at Atlanta's Morehouse College in 1941. After completing a Meteorology course at Massachusetts Institute of Technology, Preer began an Air Force career that spanned 21 years. He retired in 1963 with the rank of lieutenant colonel.

Preer, after working in the Detroit Department of Public Works for a year, joined the program development staff of Mayor's Committee for Human Resources Development in 1964.

With Detroit's anti-poverty program, he became experienced in manpower development and job placement for an on-the-job training project.

IN APRIL, 1966, he was named area administrator for all O.E.O. functions in Detroit's Target Area 11.

From June, 1967, to March, 1968, Preer was assistant administrator for the Adult and Youth Employment Project.

Alton M. Shipstead,

director of the State Economic Opportunity Office in Lansing, congratulated Preer on his new appointment, stating, "I think Wayne County has needed you as director for a long time, rest assured that this agency will respond to any request for assistance that you may make".

## Henry Ford Lauds Milliken's Plan

Following is a statement by Henry Ford II: on Governor William G. Milliken's Educational Reform:

"The Governor's message on Educational Reform gives the people of Michigan a far-reaching and imaginative set of proposals for the improvement of school administration, educational finance and the quality of education. I hope the people of the State and the

Legislature will step up to the bold and basic changes we need - and to the cost of providing high quality education in every community in Michigan.

"Obviously many important specifics will have to be considered carefully by the Legislature and the public, but the Governor and his Commission on Educational Reform have provided a sound framework for action."

## The Public Letter Box

TO THE EDITOR:

Richard McKnight's column concerning the possible Democrat candidates for governor in 1970 was quite interesting, especially two possible candidates, Kelley and Levin.

These two men are the most anti-sportsmen in our legislature. Levin has proposed or supported more anti-gun legislation than the 1968 session of Congress.

Kelley is an ardent supporter of licensing and registration of all gun owners. With six hundred thousand hunters in Michigan the Democrats had better hunt around for some new faces in 1970.

S.K. PULLEN  
Belleville

TO THE EDITOR:

Concerning S. Pullen's letter to the editor on the hunting issue, one can only shake his head in disbelief.

In regard to the statement this person made that there were only a "few" complaints concerning hunters, Mr. Stoelton stated in last week's paper that he received "many complaints from angry Van Buren Township homeowners

about hunters firing their weapons too close to their homes."

It is not the "noise" of the guns we're complaining about. Noise doesn't kill but bullets do. If you are capable of telling a bullet what its boundary lines are, more power to you.

Who are you to say "ninety-five percent of the squirrel hunters use a shotgun? Have you ever counted them or asked them

what they were shooting? It's amazing how many farm animals look like squirrels.

We are tax paying citizens just as much as you are. There happen to be more than a "few" of us who are tired of patiently waiting for something to be done while our children are endangered and our wildlife and property devastated. It's about time we made our voices heard and demand some restrictions.

# Military Airlift Is a 'Chain of Life'

## A Hard, Dirty, Frustrating War

**CHAIN OF LIFE**—This is what the military airlift in South Vietnam has been appropriately named. Tactical Air Command commander, General William W. Momyer, at a recent address, before a national service club, emphasized the value of tactical airlift to our combat forces.

"We hear so much about our combat forces," the former Seventh Air Force commander in Vietnam said, "but very little is mentioned about airlift till there is an emergency." For example he pointed to the famed battle for Khe Sanh and The Tet offensive as the type of

emergencies that really underscored the vital role of military tactical airlift.

General Momyer said that by the time of the Tet offensive in 1968, his airlift fleet was moving more than 100,000 pounds of cargo per month. This volume surpassed the famed post-war Berlin airlift both in quantity and complexity. This fleet, comprising C-130s, C-123s and C-7s, was flying 1,000 sorties per day and each sortie was averaging 45 minutes.

During the blazing Tet offensive in February 1968 the role the airlift played stood out very prominently.

One of the major factors the enemy underestimated was the capacity of these airlift forces. The Viet-Cong evidently never thought the Americans would be able to react with troops so quickly.

When the Tet offensive hit, all major areas across the country were assaulted almost simultaneously. Airlift was the only means by which the ground forces could be deployed to meet the full brunt of the enemy offensive.

It was generally believed that the Viet-Cong would try to overrun Khe Sanh, which had been cut off from all support by land and airlift

was to be its life. Khe Sanh already had been tabbed by many as another Dien Bien Phu. If the Viet-Cong could take Khe Sanh, they would be in a commanding position to deal the South Vietnamese man in the street a major blow.

If the Americans could not hold Khe Sanh, then why should the man in the street have any faith that the Americans could hold such points as Saigon, Hue, Da Nang, and other heavily populated areas.

What the Viet-Cong failed to evaluate correctly was the role American Air Power

would play in the battle. Based on his success the year before at Dien Bien Phu, the Viet-Cong was convinced that he would be able to prevent any airlift aircraft from landing at the tiny hellish base. The very heavy amount of rocket and artillery batteries was sufficient to keep the airfields unusable and the rugged terrain provided good cover for these weapons from air attack. This is why evidently the Viet-Cong was confident that

Khe Sanh would fall into their hands because of lack of food and ammunition, as it had with the French forces years before at Dien Bien Phu.

And with good reason the Viet-Cong would think of success along those lines after considering the difficult approaches to Khe Sanh that could be loaded with favorable locations for automatic weapons. This was a pretty good assumption.

How greatly the Viet-Cong underestimated the Khe Sanh Battle is now history. Air power destroyed the assault. Estimates have placed the enemy losses at over 10,000 troops during the 77-day siege. In spite of the tremendous fire power and weather the tactical airlift went on constantly, giant B-52 bombers, based on Guam, Okinawa and Thailand, bombed the Viet-Cong positions around the clock with their heavy bomb loads.

Khe Sanh held because U.S. Air power was able to prevent five enemy divisions from getting organized for a sustained assault.

The men on the ground who fought a hard, dirty frustrating war could not have been under more difficult conditions and the dedicated unswerving bravery of the pilots and air crewman of the airlift command earned the respect of every man in uniform with our gratitude beyond any limit or price.

**FIVE 747 TEST AIRCRAFT NOW IN OPERATION**—The Boeing Company's 747 developmental program, now proceeding full throttle ahead, could result in FAA certification of the giant transport sometime in early September. The five 747's now operating in full test configuration have accumulated over 400 flying hours. Pan American World Airways expects delivery of its first 747 in early autumn and will likely place the aircraft on its Transatlantic operations in December.

**NIGHTMARE ALLEY**—This on the spot combat photo shows the air lift command working right amidst the exploding Viet-Cong shelling and calmly loading and unloading vitally needed supplies and men right in the heat of the 77-day siege of Khe Sanh. On return trips after depositing medicine, ammunition loads, the C-130 would take aboard wounded fighting men for quick trips back to base hospitals.

## RAF Presents U.S. Fighter

The Royal Air Force this week presented a World War II Hawker Hurricane fighter, one of seven of its kind still in existence, to the Air and Space Museum of the Smithsonian Institution.

Of the 400 battle-ready Hurricanes which stood guard over England early that year, few were left when the Battle of Britain was over. But they had destroyed more German aircraft than all other

defenses, air and ground, combined.

The ceremony marked the 29th anniversary of the turning point of the Battle of Britain. The Hurricanes played a vital role in smashing Reichsmarshal Hermann Goering's Luftwaffe. Had the German Air Force not been turned back during that air war over England, Hitler could have launched an invasion of the island kingdom.

The ceremony was celebrated in London with the Royal Premier of the United Artists motion picture "Battle of Britain" which re-creates the crucial 16 weeks of the 1940 air war.

## Delta Plans Expansion

Delta Air Lines will more than double its existing 752,000-sq. ft. main aircraft overhaul base located at the Atlanta Airport. Delta's President, Charles H. Dolson, said, "The jet base will be increased by 780,000 sq. ft. to include new hangars, engine test facilities, maintenance and service shops, offices, ramps, and parking areas.

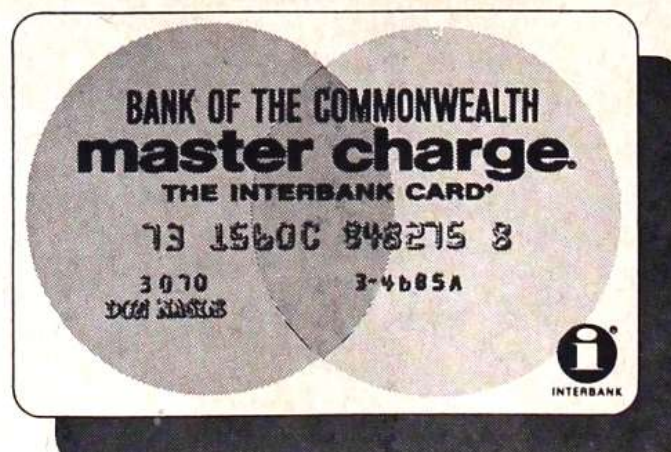

It will be the largest facility of its type in this area of the nation." The new main ten-acre base, to be more than a mile long, will include a jet overhaul hangar which can at one time accommodate two Boeing 375-passenger 747's and two 250-passenger Lockheed L-1011's.

"Delta's present hangar will fit into the new hangar," Dolson said. The airline estimates that 2,000 additional employees will be needed to staff the expanded jet base by 1975.

## German Planes Visit

Six German Air Force Lockheed F-104 Starfighters have completed a 12,000-mile round trip from the Luftwaffe base at Jever in Friesland, Germany, to Luke Air Force Base and returned. The Luftwaffe Starfighters made the transatlantic hops without in-flight fueling, although fueling stops were made at six bases en route.

ROMULUS—The Band and Orchestra Boosters Club met last Thursday night in the Band Room at the High School.

Their purpose was to elect officers for the coming year. Mrs. May Muggelber, incumbent, was re-elected president. Other officers are: Mrs. Tressa Rohde, vice-president; Mrs. June Blanton, secretary; and Mrs. Serling White, treasurer.

Gideon Pettway and Mrs. Gwen Mathews, music instructors, were present and expressed their hope that the organization would grow.

EIGHT PARENTS were chosen to be a "phone brigade" and will notify

parents of meetings, events and when there is a need for chaperones.

The balance in the treasury is \$277.97 with proceeds from a candy sale not yet complete. It was decided to buy Pom Poms for the majorettes to use at games.

The next regular meeting of the Boosters will be Nov. 13 at 7:30 pm at Romulus High School.

Unlike radar, the VASCAR unit does not have to be stationary in order to operate, the unit is operated strictly by the police officer's ability to see a car as it travels along a stretch of highway.

## ISSUES THANKS

## Jaycees Announce Trap Shoot Winners

ROMULUS—The Romulus Jaycee Trap Shoot is over for another year.

Sunday, Sept. 28, turned out to be a partly cloudy day with a few light sprinkles but it in no way stopped the sportsman and shot-gun enthusiasts from coming out and participating.

For some of the spectators who were not familiar with trap shoots it was exciting to watch these men and women display their ability, sincerity, and enjoyment in competing. Jaycee officials, reported.

TWO PARTICIPANTS were happier than most when the shoot was over. Lloyd Hall of Westland won first prize of a shotgun on Sunday Sept. 21, in an exciting shoot-off. He not only was a good marksman but also showed safety and understanding in the handling of his gun. Congratulations Lloyd.

Congratulations were also in order for Mrs. Evelyn Wegienka of Romulus. She won the raffle on Sun. Sept. 28, of the shotgun.

When told she was the winner, Mrs. Wegienka exclaimed "I've never won anything before."

Next year we'll be looking for her as a fellow competitor at the trap shoot.

Other winners were: Second prize, a gun case, Vernon Hall; Third prize, a hunting vest, Michael Bossary.

Gordon Silvey, president of the Jaycees and Mitch Mason, trap shoot chairman, again wish to thank

everyone for their help in the success of the project and especially Mitch's committee; Leroy Sims, Lee Silvey and Ron Collins for their time, effort and support.

# 'Community Image' What Is It?

BY GEORGE WILHELM  
UR Director  
Romulus

A community is not just a geographical location, a political subdivision or a group of streets and lots laid out on a plat map. A community is people.

And a Community's Image, which it reflects to the neighbors surrounding it, is a sum total of the needs, desires, concerns and dedication of all the people living within the community. A good community is not a product of chance it is produced by the efforts of concerned people, who although they do not always agree, know that it is only through cooperative efforts can their common goals be fully achieved.

\*\*\*  
FOR MANY years the residents of the Wayne-Beverly Area (Romulus Township) have worked together in many ways in efforts to better their neighborhood, their school and their community as a whole.

For the past 2½ years they have been assisting their Township Officials in the development of a plan for the future. The first fruits of that planning are beginning to be seen.

Already many homeowners are beginning to modernize and rehabilitate their homes; many individuals

are constructing low-rent housing and in the near future a cooperative development will be begun along Wayne Road. These are just the first few steps along the road to the creation of a community that its people can be more and more proud of.

In the future many new people will move into the area. Developers and individuals will be constructing housing, stores, streets will be paved, parks will be developed, along with many other activities.

MANY INDIVIDUALS and groups, now living in the area, will be part of this development, either by the building of new homes for themselves or in cooperative efforts in the construction of low and moderate income housing, by becoming community sponsors.

But as we know every new stage will bring its own problems. And even while some problems are being solved others will arise which will have to be recognized and worked on.

Some of the problems we can anticipate, and in some cases are now experiencing, during the construction stage are: disruption of services and streets because of the various construction going on; increased noise and dust because of the movement of construction equipment; vandalism; loss of building material through thievery;

and a general disruption of the "normal" pace of community activities.

Each one of these problems must be faced and wrestled with by the community as a whole, because they will, in the long run, either directly or indirectly, affect each individual living within that community.

MANY OF these problems can be solved by direct action and cooperation between the people working in the community and those living in it. Others can be solved by direct appeals to the individuals involved, or through informational and educational pamphlets and brochures distributed to the community advising them of the problem.

Unfortunately some of the most serious problems are created by persons entering the community from the outside. This type of person has no real stake in the community. They are certainly not interested in how much hardship they may cause upon those living in the community, and could care less what their actions may do to the community image, so painstakingly developed by those people who call it home.

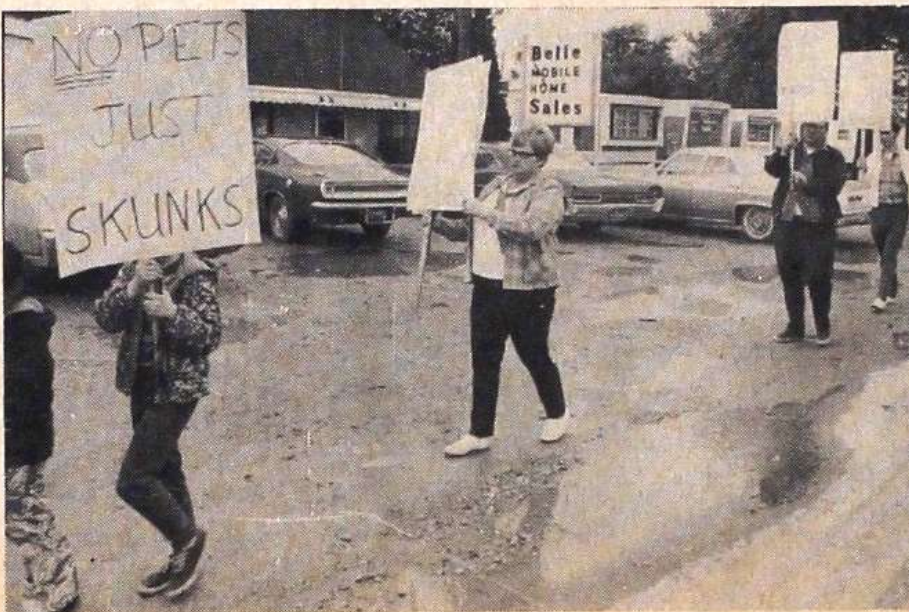

None of these problems are individual problems they affect us all whether we work in the community, live in the community now, are planning to build a new home or whether we are planning to occupy some of the homes being built by outside firms.

Our surrounding neighbors will judge us, as we will judge ourselves, on how well we accept our responsibility for finding solutions to these problems and the cooperatively working to assure the implementation of these solutions.

We are beginning to finally see the realization of some of our hopes, dreams and plans which have only been words for so many years. Whether or not they are fully realized will depend upon how much we are willing to give.

"AHA BIZEK! No Bottom Hole!" was the comment of Robert C. Utter, Lt. governor of District Kiwanis as he attempts to pin the badge of authority on newly installed Romulus Kiwanis Club president Edmund Bizek. New officers were installed at Metro Inn last Thursday.

TRAILER RESIDENTS PICKET—Residents of Canton Village Trailer Park and the Belle Trailer Park picketed the offices of the Belle Mobile Home Sales, located at Belleville and Ecorse Roads, last Saturday. Milt Olds, president of the Belle Park Association reported that the association has tried "unsuccessfully" for several weeks to set up a meeting with Bernard Childs of Dearborn Heights, owner of the trailer sales office.

## PTA's Enrollment Month Program Set

Lights in all of the schools which have PTA's will be shining to bring the light of knowledge to parents and teachers as they work to promote the welfare of children and youth.

The meeting will be climaxed with Governor William G. Milliken presenting the proclamation declaring October as "PTA Membership Month" to Mrs. Earl Tate, state PTA president and Mrs. Robert Phillips, state membership chairman.

## Van Buren Building Increases

BELLEVILLE—Building permits issued during September by the Van Buren Township Building Department called for an estimated construction cost of \$547,919. This compares with a total of \$173,322 in August, Stan Price, building inspector, reported.

There were 17 bills issued under the Township's Obnoxious Weed ordinance amounting to \$170.

Total fees collected on all types of permits issued by the department amounted to \$6,345, compared with \$1,726 in August.

In September, a building permit for construction on an \$218,125 apartment project of 120 units was issued upon payment of a \$2,200 fee.

Included in the September building was start of a small factory with estimated cost of \$264,000, Price reported.

THE FEMALE POINT OF VIEW—Girl candidates for the Student Council at Junior High address students at their campaign for office. The school held its first student assembly for such purposes last Wednesday, Oct. 8.

BOYS HAVE THEIR SAY—Student Council candidates at Junior High School speak at the school's first student assembly held to hear campaign speeches. The assembly gave students an opportunity to collectively experience election campaigning.

## School Holds First Student Assembly

BELLEVILLE—The Belleville Junior High School held its first student assembly for Student Council campaigning Wednesday, Oct. 8, in the school gymnasium. Some 1,000 students gathered to listen to the pre-election campaign speeches given by the

students who were winners in the primary elections held earlier.

Assistant principal, Mrs. Helen Nass, opened the assembly followed by Alan Charette leading the assembly in the pledge to the flag.

Principal Don White gave a brief welcome to the students and Paul Druker, student council sponsor, explained the steps in electing officers and representatives.

THE CANDIDATES for the office then gave short campaign speeches. Those

participants were:

TREASURER: Pam Barnett and Tammy Hink.

SECRETARY: Cindy Clark and Betty Kennedy.

VICE-PRESIDENT: Rick McCurry and Ken Smith.

PRESIDENT: Matt Byrnes and Ted Tucker.

FOLLOWING THE conclusion of the campaigning, Belleville Junior High football coaches, John Forsyth and David Smith, introduced the 1969 football squad to the assembly.

## Jehovah's New Site Nearing Completion

BELLEVILLE—A new \$40,000 structure to house the growing Belleville Congregation of Jehovah's Witnesses is nearing completion on an acre site, located on South Edgemont Street.

The single exterior of the modern red brick building accommodates a functional and comfortable interior.

The 2500-square feet of floor space is fully carpeted with a seating capacity of 180 in the main auditorium. A conference room adjacent to the lobby includes a library.

THE MAJORITY of the labor required for construction was supplied by Jehovah's Witnesses in the area.

Although the building is not finished, the congregation has been meeting in the new structure since last winter.

They are working hard to refinish 160 theater-type chairs for the auditorium.

With the parking lot, external finish work and landscaping nearing completion, a dedication program is planned for Oct. 25 and 26.

The County will have \$162.3 million to finance its services for the fiscal year starting Dec. 1, according to the Board of County Auditors -- \$31 million less than the total requested by county departments.

"Many needs cited by department heads in

our hearings have been legitimate, particularly in the fields of juvenile care, law enforcement and health," declared Board of Supervisors Chairman Albert J. Zak.

"But there just isn't enough money to go around. We hope to be able to do something in the most serious cases, but anything we add in one place has to be taken away from another."

The Board of Supervisors, after two weeks of all-day ways and means committee meetings with department spokesmen, will hold a public hearing on the budget at 2 p.m. Wednesday, Oct. 15, in the City-County Building Auditorium. Then the supervisors will go into

another week of deliberations to decide how to divide up the available funds. Final adoption of the budget is scheduled for Oct. 30.

The recommended budget is prepared for the supervisors' consideration by the Board of County Auditors. Department spokesmen appear before the supervisors to plead for requests which the Auditors denied.

Juvenile Court Judge James H. Lincoln asked the board for six new employees beyond the 17 additional caseworkers and other staff members recommended by the Auditors. He argued that this would speed up adoptions saving the County any thousands of dollars in foster home care fees.

"The police bring about 10,000 kids a year to the Youth Home," Lincoln also told the supervisors. "At least 3,000 of them are turned

back on the streets without any service whatsoever because we just can't handle the load."

Noting a 10 percent

increase in the number of probationers last year, James S. Henahan, probation officer, declared that at least 10 more officers are needed, "simply to maintain our past performance, which was far less than ideal."

## Senate Body Holds Hearing in Westland

WESTLAND — State Senator William P. Faust (D-13th District) has invited the Education Committee of the State Senate to hold special suburban hearings at 8 p.m. Thursday, October 16, at Westland City Hall, 36601 Ford Road, Westland.

The subject of the hearings will be the new proposals for tax reform for education recently announced by Governor William Milliken. The proposals are now before the legislature for consideration in the special fall legislative session.

Faust said four of the five members of the committee are already slated to attend. The members of the committee are Anthony Staam (R), chairman, with

members Robert VanderLaan (R), Gilbert Bursley (R), James Gray (D), and Coleman Young (D).

Said Faust, "I invited the committee to hold hearings in our area so that they could hear what the highest school-tax paying communities in the State had to say about education tax reform. This seemed like a good place for the committee to hear what the people think."

Faust said representatives of school districts all across the area have been invited to testify during the expected two-hour hearings.

The hearings are open to the public Faust said, and will

be the second in a series of hearings to be held by the committee. A session in Detroit will be held prior to the suburban hearings.

Governor Milliken's tax reform proposals call for a lowering of existing property tax levels to a uniform 16-mills statewide, with the loss to be made up through increased income taxes. A hike in cigarette taxes, and various new state controls on school districts are also included in the package.

## Social Security at 26--- Godsend for Ed Bohanon

GARDEN CITY — In February, 1969, Ed Bohanon's world came apart.

At age 26 he was stricken with blindness as the result of diabetes. His loss of vision was irreversible, according to specialists at University Hospital in Ann Arbor.

Until then life for the Dearborn Bohanon family of 28458 Bock, Garden City, was pretty much like that of millions of other American families. Ed and Doris had been married in 1968 and had just purchased a neat

bungalow on Pardo. Ed had a good job as a parts and material handler for Ford Motor Company at the Livonia Transmission Division.

What does a man do when he has a wife and family to support and his means of livelihood are suddenly snatched from him? He was entitled to sick pay from Ford, but that was only for six months. He hadn't worked for the company long enough to be eligible for a disability pension.

Fortunately for Ed and his family a social worker at University Hospital told him he might be eligible for Social Security Disability benefits. Ed and Doris inquired at the Dearborn Social Security Office.

Claims Representative, Richard Wendt explained to the Bohanons that since Ed had worked long enough under social security and was unable to do any substantial gainful work he and his family could receive monthly benefits after a six month waiting period. The benefits will continue until such time as Ed may be able to again become gainfully employed.

Because of his youth and his high earnings, Ed Bohanon is entitled to \$198.00 a month in Social Security Disability benefits. His wife and stepson are entitled to \$52.20 each as are his two sons by a prior marriage. The total family benefit payable in this case is \$406.80, which is unusually high.

Through the services of the Michigan Department of Social Services Division of the Blind, Vocational Rehabilitation, and other

agencies, Ed is learning braille and cane travel. In January he hopes to be able to attend a new school in Kalamazoo which will teach him how to care for his personal needs — how to cook, find his clothes, orient himself in general. The school will also teach braille typing and other practical skills.

One of the pleasurable discoveries Ed has made since his blindness is talking books and magazines offered by the Wayne County Library for the Blind and Physically Handicapped located on Van Born Road in Wayne.

Not much of a reader before, he has now "read" several novels and periodicals. These magazines keep him posted on current events.

Ed also spends much time with Doris at her office. She has just become an agent for an insurance group in Garden City. Being very congenial he likes to meet and talk with people which he also feels is good therapy. In addition he has just been sworn in as a member of the Garden City Jaycees. He has been appointed chairman of the "What American Means To Me" essay contest for seventh and eighth graders.

Far from being bored, Ed Bohanon finds himself busier and more interested in outside activities than ever before. He has permitted publication of normally confidential Social Security Disability Benefits for workers of all ages, and their families.

## Auxiliary Helps Shop with Shower

WESTLAND — AmVets Post 171 Auxiliary ladies held a special baby shower last week, with all the items donated to the Helping Hand Thrift Shop in Romulus.

The Thrift Shop, honored with a special week earlier this month, prepares usable items for resale to persons in need of some financial help, and trains persons in sewing techniques aimed at remaking garments.

The baby shower gathered items for new baby layettes that are prepared by Mrs. Maude Malone, who then gives the kits to the Thrift Shop for distribution to expectant mothers.

Mrs. Florence Klein, head of the Thrift Shop organization, was present for the shower, under the direction of Mrs. Pat Jantovski. Anyone interested in helping the Thrift Shop, which serves families in Westland, Wayne, Garden City and Romulus, on referral from social agencies, schools or churches, may call the

following numbers: 421-8474, 941-3036 or the Thrift Shop itself, 722-4050.

A spokesman for the AmVets Auxiliary said, "This is such a worthwhile effort, we want as many persons as possible to know about the Thrift Shop and take part in keeping it going and supplying it with needed goods."

SOMETHING TO AIM FOR—Romulus' Chris Glinski (17) is set to launch an aerial in Friday's game against Ecorse as the Eagle quarterback looks for his receivers, the Raiders put on the rush.

# Romulus Problem for Champ

BY JIM BRADLEY

Ecorse invaded Romulus Friday afternoon and defeated the Eagles, 32-13 to wrap up the Twin Valley League Championship for 1969.

The visiting Red Raiders were stopped at every turn by a stout host defense during the first period which saw neither team threaten seriously.

A six yard loss by quarterback Chris Glinski to his own 43 was followed by a pass by the signal-caller to Bill Worden on the Romulus' 48. A face mask-grabbing penalty against the visitors moved the ball to the Red Raiders' 38. Dan Chapo ran to the 32 and Worden burst through for 10 yards and a first down on the 22. Things looked bright for the Eagles.

Chapo slammed to the 15 on the next play and Worden got another first down on the Ecorse 12. Here is where the old "bugaboo" again haunted the Eagles. A two-yard gain to the 10 was nullified by an illegal procedure penalty which set the host team back to the visitors' 15.

After Stallworth lost three yards back to the 17, quarterback Ken Jackson hit shifty halfback Dennis Smith with a screen pass in the flat and the speedy youngster zig-zagged his way along the sidelines all the way to the Romulus 25 yard line, almost getting away for the touchdown. Romulus was caught grabbing the facemask and penalized half the distance to the goal line.

Fullback Ron Matthews gained three yards before Smith took the handoff and ripped around end to the Eagles' one-yard-line. Smith then plunged straight ahead for the score, but his end run for the extra points was stopped and Ecorse led, 6-0, with just 4:54 left in the first half.

Romulus' inability to move the ball, plus a blocked punt, allowed Ecorse to add six more points before the half. Burly tackle Dan Dukes of the Red Raiders broke through and blocked Worden's punt on the Romulus 30.

Dan Chapo picked off a first down Ken Jackson pass on his own 5-yard-line and returned to his 20. But Romulus couldn't move the ball and Worden quick-kicked on third down to Ecorse's 36 with Frank Nesbit downing the ball. Then lightning struck the second time.

Ecorse moved 64 yards in four plays to take a 12-0 lead.

Again it was a flat pass to Smith that ignited the scoring march. Smith took the aerial on his own 36 and rambled behind good blocking to Romulus' 47 with just 47 seconds left on the clock in the first half. Lanky end Glen Wilkerson hauled in a Jackson pass on the Eagles' 15 and raced to the 5 before Chapo caught him from behind with 26 seconds left.

Fullback Matthews, who scored two touchdowns in the game, blasted up the middle for five yards and into the endzone with just :09 showing on the clock.

But the fireworks were not quite finished. Rocket Rance Thomas, the Romulus Rocket took the ensuing kick-off and raced down the left sidelines through a host of tacklers. He broke into the clear at midfield, but was finally hauled down on the Ecorse 38 yard line after a beautiful return. A Romulus trick play failed and the half ended.

Ecorse scored once in the third period and twice in the fourth quarter to ice the contest. Romulus got on the scoreboard twice in the last eight minutes, but it was too little and too late, although it was quite exciting at times.

The visitors took advantage of a poor snap from center by Romulus to pad their lead to 18-0 in less than four minutes of the second half. Taking the second half kickoff, the Eagles made two consecutive first downs, one on a penalty, but were then stopped and had to kick. Worden was back to punt and a bad snap from center made him have to run for his life. He ran for about 15 yards, but just short of a first down.

Ecorse's fine end Glen Wilkerson made a great one-handed catch of a 31-yard pass from quarterback Jackson to deliver the ball to Romulus' 20 yard line. Two plays later, Stallworth zig-zagged his way untouched around his left end for 18-yards and the touchdown. Again the extra point failed and Ecorse led 18-0.

There was no more scoring until less than 10 minutes remained in the game and then each team hit paydirt twice. The circus scoring scampers started when Romulus drove deep into enemy territory to the Ecorse 3-yard-line. On third-and-three, Darryl Stallworth, who played a whale of a game both ways,

stepped in front of the Eagle pass receiver, pilfered the pigskin and ran like a scared rabbit down the sidelines 97-yards for a touchdown with the intercepted pass. Ken Jackson's kick was wide and Ecorse led, 24-0.

No sooner had the crowd settled from the excitement of the 97-yard TD run than it happened again. Ecorse kicked off after the touchdown and Worden took the ball on about his own 10 yard line. He circled wide to his left and handed off to Rance Thomas and this time the Romulus Rocket was

really off the launching pad. Thomas took the ball on about his own six and raced to the right sidelines, eluded a host of grasping hands and outran the defenders from midfield to the goal line while the home crowd went wild.

Ecorse went 52 yards in 10 plays on the next series of get the touchdown right back. With fullback Matthews running for 44 of those yards in four carries, the longest being a 26-yard burst, Ecorse again lit up the scoreboard. Matthews got his second touchdown of the day on a three yard blast with 4:45

left. A pass from Ken Jackson to Mike Thomas after a fake extra point kick made it 32-6.

The Eagles last touchdown was practically a gift when Ecorse fumbled on its own 2-yard-line and Dave Brown blasted that distance on the first play. Glinski kicked the extra point and the gun sounded soon after with Ecorse winning the game, 32-13, and with it the league title for 1969.

Thomas ran for 55 yards in 7 carries and Brown had 44 in 14 tries and one touchdown. Bruce Jackson caught four passes for 30 yards and Thomas caught two for seven yards. Glinski hit only six of 18 passes for 37 yards.

Defensively, senior Russ Reaume made 9 tackles and 8 assists and junior Dan Chapo, playing his first year of football, made 6 tackles and 5 assists, plus recovering one fumble and intercepting two passes.

## The Sports Meridian

(Continued from 1st Sports)

what I am saying, that this is controversial, but during my 12 year coaching tenure I have had only a few dedicated gridders—maybe two or three on a 'team per season—but presently at Brother Rice we have 40 highly dedicated and disciplined young men."

### Look Who's a 'Cry-Baby'

He pointed out that there was more pressure on the boys in Catholic schools to excel and this pressure comes, in part, from parents who have chosen the private school because they have previously experienced that pressure and knew their youngsters would be forced to live up to higher standards.

And what of the officiating in the Catholic Leagues?

Burkholder had this comment: "Coaches I have learned are professional cry-babies—they cry because they've lost their star player, because they have had injuries, because they've won, because they've lost, for nearly everything."

"Because they are cry-babies, most anytime anything goes wrong on the field, they find it's easy to blame the officials. Usually, however, this protest is in a supercilious manner where the coach bites his lip and says a prayer and forgets it. But there have been many a conformation which unfortunately ends in turmoil.

"In the years I have been coaching I have had my share of ups and downs but I am yet to run across the ref who tried to use his whistle to sway the outcome of the game.

"Sure they blow a couple of calls but these are not intentional and no one is going to convince me that these guys throw up the flag because of the color of one's jersey.

"And I've also never known a ref to hold a grudge against a coach, a team or a player. Believe me, this is the truth."

Ah shucks, Harold, why did you have to go on spoil the fun? Me and my friend Sylvester worked so hard to dupe our glib public that those guys with the whistles were "finks."

## Homecoming for Tigers

(Continued from 1st Sports) raced 34 yards for Allen Park's second touchdown. It brought the enthusiastic home crowd to its feet in anticipation of a tie score, but Parker quarterback Zolcowski's pass to the left end was no good and the crowd groaned as the score remained 14-12.

That set up the titanic defensive fourth quarter struggle that Richendollar spoke of. Both Allen Park and Belleville defenses rose to the occasion time and again.

Outstanding for the Tigers was defensive halfback Glen Reinhackel who picked off a Zolcowski pass on his own 40 with less than two minutes left that allowed Belleville to run out the clock.

Also instrumental in throwing up a stone wall was Rick Mussehl who got Belleville's second interception of the last quarter. Mussehl again played an outstanding game at his defensive linebacker spot.

Joining in on the fun were tackles Mark Pellicchia and

Dennis Sullens who each recovered fumbles in that last 12-minute segment. Pellicchia, who was particularly outstanding in the Bentley game a week earlier, played his usual brand of hard-hitting defense.

"I really feel we've turned the corner as far as league play is concerned," Richendollar said after the game. "Although this is only our second league win in three years, our boys can play with any team in our league. I think the boys have had some doubts about their ability up until now, but I hope they have proven to themselves they can play with any team we face."

The league victory gave the Tigers a 1-2 record which is good for a fourth place tie with Allen Park, and a 3-2 mark overall.

In other league action, Trenton came from behind to defeat Livonia Bentley, 13-12, in the rain and mud Friday night to take the Suburban Six League lead with a 3-0 mark. It would be a real feather in Belleville's cap if they could manage to upset the visiting Trojans.

## Cougar

(Continued from 1st Sports)

The first half produced only 6 points on the scoreboard for the Southgate Tigers but, the second half proved fatal for the Cougars as the Tigers rolled up 16 more points under the direction of Southgate's smooth handling quarterback.

Although the scoreboard showed a one-sided game the Cougars played diligently right up to the final whistle.

The Cougars had the fans right on the sidelines on a couple of drives but couldn't push the pigskin over the goal.

In the last and final contest, the Cougars Varsity team, after witnessing two defeats to the hands of the Southgate Tigers, got fired up and produced the only victory of the night for the Cougars edging the Tigers 8 to 6.

Mike Stanley galloped 15 yards around end, led by Lloyd Church whose timely block cleared the way to the end zone for the Cougars.

The PAT attempt was successful as Kenny Ahles, Cougars quarterback, executed an unexpected bootleg which proved to be the crucial two point difference.

Southgate retaliated with a 15 yard end zone pass play but, the Cougar defense buckled down at the goal line and held for the PAT play which proved fatal for the Tigers.

In the second half Cougar halfback, Mike Hudge, romped 80 yards on a reverse end run to be called back on a penalty.

Throughout the entire game the Cougar defense showed desire and determination which made the difference.

As the clock was running out in the final seconds Southgate's final attempt to score was eliminated as Cougar defensive back, Eric Zeestraten picked off the Tigers pass to end the game.

## Win Invitational

(Continued from 1st Sports) added the coach. "He puts on his spikes and just goes."

Schultz's 10:09 shattered the previous mark of 10:12.5 set last year by Ray Torres.

Also in that first group, Belleville runners followed third with a total of 65 points while Cherry Hill and Garden City East trailed in fourth (85) and fifth (96), respectively.

In the Second Race, trailing West were John Kennedy (51), Taylor Center (71) and John Glenn (89).

The battle for individual honors went to Don Anderson who also claimed an easy victory over second place finisher William Cox of

Taylor Center when he finished with a clocking of 10:08.6.

Anderson's time was even better than that posted by Schultz in the first race. His 10:06.6 was also a new record for the bracket.

East's Tim Laing and Belleville's Jon Cross wound up in third and fourth with 10:24 and 10:25, respectively.

Ninke teams, with a total of 70 runners participated in the meet, which was co-sponsored by the Associated Newspapers. The ANP presented trophies to the winning teams, their coaches, the first place finishers and also awarded ribbons to those who finished in the first 25 in both races.

# Africa Comes to YMCA Series

WESTLAND—The Western Wayne County YMCA, which serves Belleville, Canton, Garden City, Romulus, Wayne, and Westland, will present its 1st Travel and Adventure Series for 1969-70, Saturday Oct. 18, at 8:15 p.m. when Ronald Shanin will bring his "Pulse of Africa" to the Wayne

Memorial High School Auditorium. These programs are geared to family entertainment and the stars are not fictional they are wild creatures that inhabit the vast forests of South and Central Africa.

Shanin was born in Shanghai and came to America with his parents when he was

the age of two. In 1942 he earned a B.S. degree in Aeronautical Engineering and while with Pan America Airways, he flew the Atlantic Ocean 148 times. Immediately after the war he worked in the U.S. Air Force interrogating captured German Scientists. He also served as a commercial pilot

and flight instructor. He decided to trade his profession in on his hobby of filming wild animals.

Some of Shanin's films have been used by Columbia Pictures for the Cinemascope feature "The Devil at 4 o'clock." They have also been used on International T.V. programs. His photos have appeared in Look, Time, Newsweek, Sports Illustrated and other leading magazines. His adventures will soon appear in book form published by Wm. Collins and Sons of London.

The public may meet Ronald Shanin, in person, this Saturday, Oct. 18 at 8:15 p.m. in the Wayne High School Auditorium when the YMCA brings this thrilling Travel and Adventure film to town. # 'Celebration' Is Just 'Warmed Over'

BY HOWARD ALLEN  
ANP Amusement Critic

Scoring big too early is now always the best thing which can happen to young authors and Tom Jones and Harvey Schmidt very early in their careers came up with "The Fantasticks," which only turned out to be the longest running play in the history of New York. It may have scared them for life.

For "Celebration," which enjoyed a brief and not too successful run on Broadway early this year, is warmed over "Fantasticks" expanded to fit midtown scale. The platform stage is there, the cloth set effects, even the hand thrown snow. Only one thing is missing—the heart.

The Wayne State University Bonstelle Theatre production, which closes this weekend, does as much as it can with what Jones and Schmidt give them and the cast is superior, but this isn't saying too much. "Celebration" pits young and old, winter and summer, jaded cynicism vs. innocence and purity, all the cliches, in the person of a

young orphan seeking to recover his garden from fat, bored rich Edgar Allen Rich who hasn't felt an emotion in 20 years.

If this sounds too cutesy for the diabetics in the audience, rest assured that Jones and Schmidt balance things off with a hefty dose of vulgarity and coarseness, just to prove how modern they are, consistently eschewing the subtle in favor of the obvious.

A few of the songs, like "My Garden" approach "Fantasticks" standards and "Not My Problem" is almost Brechtian. Jean Sabatine's choreography and Russel Smith's direction are plus marks and David Patrick Kelly as the orphan and especially the gross Raymond Evans as Rich head a good cast. There's so much talent here it's too bad that nothing very important happens on stage.

Let's see now, there's Aunt Alice, Alice B. Toklas, Alice who hangs around with Bob, Carol and Ted, and now here come "Alice's Restaurant," (do we have a trend here?) latest in the current vogue of mod movies which invite the oldesters to stay home and watch Lawrence Welk on television.

CATCH THIS—Members of the Wayne Civic Players are currently in the midst of rehearsals for the upcoming production of "Catch Me If You Can" to be presented October 17-19 at John Glenn High School, Westland. David Eastman, left, plays Daniel Corban and Karen Anderson is Elizabeth.

### THE NEXT BEST THING—

To Growing Your Own Money Is Saving It By Making A Habit Of Eating Daily At  
**SKIPPER'S TABLE**  
SMORGASBORD RESTAURANTS

Two locations to serve you: Plymouth Road, corner of Farmington in the Sheldon Shopping center, and West Seven Mile Road half block west of Livorno, Detroit. A family place to eat, come as you are. Lunch, all you can eat only \$1.19 plus beverage and dessert.

This one's all about the adventures of Arlo Guthrie, son of depression balladeer Woodie Guthrie who became a teen rage when he sang about "The Alice's Restaurant Massacre," a loosely autobiographic folk ballad which Arthur Penn has brought to the screen with a mixture of actors and the people involved.

"Alice's Restaurant" concerns a dropped out teacher and his wife, living in a deconsecrated church in prim New England, who open a restaurant for no discernably important reason. Following a gala Thanksgiving dinner, Guthrie and a friend dumped a load of garbage and an up-tight local cop arrested them for littering. And they were jailed yet. Later Guthrie, who wanted to stay out of the army anyway, was called in for a classification physical and was rejected for moral reasons. He thought this a distinctive enough statement about America (it is) to turn it into a rambling folk commentary which first brought him to fame. So he can't say the army didn't make a success out of him.

At first "Alice's Restaurant" seemed hauntingly familiar and I finally placed the style during the draft board scene. Penn has filmed it in early Walt Disney. Just visualize Donald Duck done in live action and you've got it: the caricatures and humorous distortions, separations into bigger than life and smaller than life attitudes and other heavy accents of black and white.

Guthrie makes his point. Few things are more confounding than governmental bureaucracy. Along the way he even deals honestly with such issues as the drug question for one of his friends never came back from a trip. But "Alice's Restaurant" has some serious defects, notably in the amateur casting. Penn probably felt that the people who actually populate Guthrie's world would be more natural and the talent level is slightly below Royal Academy standards.
